# MEMORANDUM

| | | | | |
|---|---|---|---|---|
| **From:** | Director, MSD | **To:** | Secretary, Expert Committee on the Selection and Use of Essential Medicines | **Date: 12 January 2007** |
| **Our ref:** | EML 2007 | **Attention:** | Dr S. Hill | |
| **Your ref:** | E/19/81/15 | **Through:** | J.M. Bertolote, Coordinator MBD | |
| **Originator:** | Tarun Dua | **Subject:** | APPLICATION FOR A PAEDIATRIC FORMULATION FOR PHENOBARBITONE TO BE ADDED TO THE WHO MODEL LIST OF ESSENTIAL MEDICINES | |

---

The contents of the application refer to inclusion of parenteral formulation of phenobarbitone to be added to the WHO model list of essential medicines and not paediatric formulation as mentioned in the attached memo.

We support the application prepared by the WHO Collaborating Centre for Research and Training in Neurosciences; Department of Clinical and Experimental Epilepsy, UCL Institute of Neurology, London, United Kingdom for inclusion of parenteral formulation of phenobarbitone.

Dr B. Saraceno
