### Acknowledgements

The first WHO Model Formulary (2002) was edited by Mary R. Couper of the WHO Department of Essential Drugs and Medicines Policy and Dinesh K. Mehta, of the Royal Pharmaceutical Society of Great Britain. It was developed over a period of several years and with the input of a large number of individuals and organizations whose help was gratefully acknowledged.

Sincere thanks for their contributions and comments on the current edition are due to the following WHO staff: J.M. Bertolote, M. Cham, M.N. Cherian, T. Cherian, D.P.J. Daumerie, B. de Benoist, P.M.P. Desjeux, D.A. Engels, o. Fontaine, S. Groth, K. S. Hurst, J.G. Jannin, R. Kabra, N. Khaltaev, P.M. Matricardi, K.N. Mendis, S.P.B. Mendis, F.J. Ndowa, H. Ostensen, S.N. Pal, J.H. Perri ens, H.B. Peterson, G. Roglic, J.H. Tempowski, and M. Zignol.

The editors of the 2004 edition wish to thank Lalit Dwivedi and Robin Gray of the WHO Department of Essential Drugs and Medicines Policy for their contribution to the production process.

Special gratitude is due once again to Mildred Davis and Sheenagh M. Townsend-Smith for a thorough review of the entire formulary. Anne Prasad provided valuable comments on the text.

Eric I. ,Connor, Charles Fry, John Martin, Karl A.Parsons, Vinaya K. Sharma, John Wilson, and the BNF Editorial team all made a valuable contribution to the preparation of the text and to the production process.
